

Familiar Face Returns to Fritch Medical Clinic

Fritch, TX January 14, 2019

Golden Plains Community hospital is ecstatic to announce that Scott Gordon, Physician Assistant will be returning to Fritch Medical Clinic starting February 4, 2019. Mr. Gordon worked at the Fritch Medical Clinic (FMC) for 14 years and will be returning to FMC after 9 years on February 4th.

In an interview with Mr. Gordon he stated "I have missed the people of Fritch since I left the clinic and have wanted to return. I now have the opportunity to come back to a place that I am very comfortable. I hope that I can take care of the people of Fritch and surrounding areas for a long time." Mr. Gordon brings several years of experience back to the Fritch Medical Clinic. Mr. Gordon has been a Physician Assistant since 1996. "I graduated from the Army's PA school twenty-six years ago. I spent a fun filled year in Afghanistan doing trauma medicine and helping the Afghan people with their animals and teaching Afghan doctors how to do family practice medicine. Most of my experience has been at the Fritch Medical Clinic, I spent fourteen years here doing family practice medicine and I can't wait to get back and start again." Stated Mr. Gordon.

Golden Plains Community Hospital believes in "Quality Care- Where You Live" and is happy to have a Fritch resident serving as provider at our local clinic. Mr. Gordon believes and shared, "I know the area, the people, the politics, what's happening at the schools and the local businesses. You can't get hometown care from a person who is traveling in from Amarillo. I live here so I care what's going on in Fritch."

Please help Golden Plains Community Hospital welcome Scott Gordon, PA, back to Fritch Medical Clinic starting February 4, 2019!
