Dr. Patel has been happy to call Borger and Golden Plains Community Hospital home for the last 3 years. He loves the small town practice, which gives him the opportunity to have more one on one time with his patients.

Dr. Patel will sit down with each patient, go over what is going to happen or what will be happening. He and his staff have the drive to want to make things as understandable and easy for their patients. This team also will answer questions or concerns each patient might have.

He is currently our Chief of Staff.. This role given to him is very important and he takes it very seriously. His goal is to help make Golden Plains Community Hospital the hospital of choice for our community.
