

Golden Plains Community Hospital, Specialty Clinics, Fritch Medical Clinic, and Golden Plains Walk-in Clinic are committed to maintaining a healthy and safe environment for our patients and staff.

Here are some of the safety measures we have in place:

- ➔ All patients must come through the main entrance, be screened, and everyone's temperature taken at the time of entry.
- ➔ All hospital staff and patients **MUST** wear a mask. If you do not have one, a mask will be provided to you.
- ➔ Our waiting room seating in all areas has been adjusted to make sure that patients are 3 - 6ft apart.
- ➔ Patients may also be asked to wait in their car if there is no seating available, if you are coughing and have a fever, or if you are more comfortable waiting in your car.
- ➔ If you are exposed or think you have been exposed to COVID-19 or have symptoms (fever, cough, fatigue, shortness of breath), **PLEASE CALL YOUR DOCTOR** first. They will provide instructions on what to do and where to go.
